SMT. S. SWARAJYA LAKSHMI
CHAIRPERSON

Success in the 21st Century requires knowing how to learn. Students today will likely have several careers in their life time. They must develop strong critical thinking and interpersonal communication skills in order to be successful in an increasingly fluid interconnected and complex world.

The students must master content while producing, synthesizing and evaluating information from a wide range of subjects and sources with an understanding of and respect for diverse cultures.

We, at VikasThe Concept School, intend to build independent thinkers who take responsibility for their own learning with our full professional support. We build deep conceptual understanding; high levels of competency, a positive, moral character, the tools for success to face the challenges by navigating through it with success.

BRITISH COUNCIL - INTERNATIONAL SCHOOL AWARD

WE WON!

VIKAS THE CONCEPT SCHOOL receives ISA AWARD for the period 2017-2020.
