Success Comes to those who work hard and stays with those who don't rest on the laurels of the past

### Smt. S. Swarajya Lakshmi

#### Chairperson Message

**Vikas – The Concept School** owes its existence to **Late. Sri S. Koteswara Rao**, Chairman, who aimed at creating and providing a global educational environment in his schools.

At Vikas - The Concept School, we focus on nurturing and equipping young learners with the uncommon ability of self-exploration and development. Our aim is to make our children confident, sensitive, socially committed and well-rounded individuals, equipped to become young envoys of progress. Our children grow in the best environment and under the guidance of a competent faculty.

Education and schooling have undergone a profound change and have become more focused in the 21st century. We fortunately have a committed and dedicated teacher, caring and cooperative parents, which blend harmoniously to create a child-centric school which I am sure will enable our pupils to think, create and unfold the magic of ecstatic imaginations.

We have all set to embark on a new journey with a fresh year, fresh academic session and a plethora of activities and adventures. We hope to chart paths that help us ideate and create feasible portals of learning!

### K. Durga Kumar Reddy

#### Principal Message

Dear Parents,

**"If you want to reach a goal, you must 'see the reaching' in your own mind before you actually arrive at your goal."**

Goal setting is essential to long - term success. After all, it's difficult to get to a desired destination before you have clearly defined where that destination is.

Having goals makes learners aware of their actions, efforts, and even their time management skills. Setting goals obligates them to take action, regardless of the obstacles that might be in their path. As such, it can encourage students to develop critical thinking skills, new problem-solving techniques, and a better understanding of how to overcome issues.

I would particularly like to acknowledge the support of all parents who give their valuable time, render their constant support to the school throughout the year. I believe your input makes a significant contribution to bring vibrancy in the atmosphere of our school.

From the dark to bright, from the cold to light  
Many a times I strolled,  
Into the deep jungle dark cold.  
I used to watch as a predator, ruthlessly  
Kill and gobble up its game limitlessly.  
I could see the animals mourning their lost ones,  
Some thinking that this is what God wants.  
Oh! How could I forget that unsettling sight?  
How could I neglect the creatures' plight?

But one day when I was walking through,  
The same old, creepy, cold boulevard.  
I saw a glimmering warm soothing light,  
But to reach that light I had to fight,  
Fight my way through the night,  
In the break of the dawn reached the halo  
And saw all the animals that had been killed.  
Laughing and talking to each other,  
With no fear or guilt.  
I have reached the place I so desired,  
The home of god so bright and majestic.  
So happy I am in this imperial abode,  
Where all the creatures love and rejoice
